

MR JOHN PYALL, B.A. (Hons)

John Pyall graduated from Newcastle University with a B.A. Honours Degree and has currently worked fourteen years for Munich Reinsurance. Originally in the legal section of their Claims Service Department in London and he moved to Singapore four years ago as the Regional Head of Claims and Underwriting Services in their Singapore Office. He is also head of the Topic Network for Munich Re Group responsible for Coverage Clauses and Legal Issues reviewing the development of clauses in the market and the legal issues that arise in different countries around the world that may impact on them.

Among other articles, he is author and technical editor of the Chartered Insurance Institute book on Reinsurance and author of the Claims section of the Chartered Insurance Institute book on Practice of Reinsurance. He has also participated in the books developed by the Advanced Studies Groups of the Insurance Institute of London on Developments in Excess of Loss and Commutations and Run-off Strategies.

He has lectured for the Chartered Insurance Institute, Singapore College of Insurance, Asia Insurance Review, London Guildhall University and for a number of other clients and societies on different aspects of, claims, wordings and reinsurance.
