

Launch of Chartered Insurance Institute's Library

The Chartered Insurance Institute's library was launched on 24 August 2007, in the new office of Singapore Insurance Institute. The occasion was graced by CII's Managing Director Ian Porteous and Peter Koh, the president for SII and was attended by almost 40 excited members. This library is possible only with the kind sponsorship of the complete set of materials from CII. Its main objective is to allow members easy access to information that will help to propel them into excellent professionalism in the insurance industry.

The event ended on a high note with a lucky draw for a grand prize of SGD\$1,000 to purchase CII learning materials, kindly sponsored by CII. Congratulations to our winner Mr. Bob Li from Cargo Underwriter!
